LANDMARK COLLEGE SUCCESS CENTER

ACADEMIC & SOCIAL SUPPORTS • EXECUTIVE FUNCTION COACHING • TRANSITION-TO-COLLEGE SKILLS

Landmark College is recognized worldwide for its innovative, comprehensive approach, and in-depth support for people of all ages who learn differently — from dyslexia and ADHD to executive function challenges and autism. Our Success Center in the California Bay Area brings the best of our proven skills and strategies for neurodivergent learners beyond the campus.

IS THE LANDMARK COLLEGE SUCCESS CENTER RIGHT FOR YOU?

Our Success Center serves teens, young adults, and adults who face executive function and other learning or attention challenges at work or school, including if they:

- Need tools to plan for projects and assignments
- Have difficulty meeting deadlines
- Experience problems organizing thoughts when writing or communicating
- Have difficulty in social settings and making friends
- Need assistance in the transition from high school to college, and through college

Choose from convenient
face-to-face or online sessions
with our learning specialists.

OUR SERVICES

- **Executive function skills coaching** in goal setting, time management, organization, prioritization, and problem solving

- **College-level learning strategies** in active reading, note-taking, the writing process, test taking, mnemonics, and transition-to and through-college support

- **Access to technology-based practices**, including collaborative activities, interactive tools, and engaging game-based learning

- **Social Pragmatic Support** rooted in the evidence-based PEERS® program to enhance an individual's skills in building relationships, making and keeping friends, and self-advocacy.

USING THE SUCCESS CENTER

Our dedicated *learning specialists* are available **in-person or online** to provide proven supports for individuals who learn differently. The same best practices and pedagogies offered at Landmark College are offered at the Success Center.

Landmark College Success Center's coaching services are highly individualized and customized to each student's needs. Sessions typically last 60 minutes but flexible options are available.

Advance appointments are required. PEERS® Social Pragmatics group workshops follow the PEERS® curriculum and run 90 minutes. Workshop schedule available upon request.

Note: The Success Center does not provide subject matter tutoring services.

Landmark College: Promoting Success for Individuals Who Learn Differently

Landmark College is the only college of its kind that serves students who learn differently alongside research and development, and with a potent LC Online web-based curriculum.

Since 1985, the College and our Landmark College Institute for Research and Training (LCIRT) have **helped thousands of neurodivergent students to succeed.**

Our flagship campus in Vermont attracts students from throughout the United States and the world with learning differences like **dyslexia, ADHD, executive function challenges, and autism.**

We also **train educators worldwide** in more effective and responsive teaching techniques for neurodivergent learners.
