

Getting started with Libby

Libby is made possible by your library and built with ♥ by OverDrive.

The Libby app is the easiest way to get started
with digital audiobooks from
the Landmark College Library!

1

Install Libby for Android, iOS, or Fire tablets from overdrive.com/apps/libby.
(Or, browse available audiobooks before downloading the app by visiting libbyapp.com/library/landmarkedu in Chrome, Firefox, Safari, or Edge.)

2

In Libby, follow the prompts to find your library and sign in: "Landmark College Library." Libby will invite you to sign in with your "Library card." Click on that link for a Landmark login page that will ask you for your Landmark network login and password you use for other online tools at Landmark.

3

Browse your library's collection and borrow a title.

Click on the loan period for different loan length options.

4

Borrowed titles appear on your **Shelf** () and download to the app automatically when you're on Wi-Fi, so you can read them when you're offline.

On your **Shelf**, tap **loans** at the top of the screen. From there, you can:

- Tap **Open Audiobook** to start reading or listening in the app.
- Tap **Manage Loan** to see options like **Renew Loan** and **Return Early**.

Happy reading!
